

## Study of Religion Major: Pre-approved courses, Spring 2010

- These courses have been pre-approved for the SoR major. However, the category that a course will fulfill for any given student is to be determined by the Faculty Advisor and Undergraduate Advisor.
- This list is **NOT** exhaustive. Other courses not on this list may be used for the major by petition and with the permission of the Faculty Advisor.
- It should be noted that some courses are cross-listed and are thus listed under two departments.
- Using lower division courses for upper division credit (and vice versa) is contingent also upon approval by The College (and sometimes these requests are denied). Please be aware of this added approval if you choose to take a class in this way.
