

# WISE

Women's Interfaith Stories of Encounter and Empowerment

**Thursday, April 26th**  
**5-7pm**  
**Kerckhoff 168**

The Center for the Study of Religion invites the women of UCLA to participate in WISE.

WISE is workshop designed especially for women to connect and dialogue with each other about beliefs and values with an emphasis on how they intersect, challenge, and inform their experiences as women.

This interactive workshop will give participants a creative space to reflect and learn about others through sharing stories of encounter and empowerment.

*"You are a thousand stories long,  
with the depth of the ocean and an  
entire constellation woven into your  
soul."*

- Nikita Gill
